

Tadcaster Grammar School

'A Culture of Excellence'

14 May 2019

Dear Parents

Year 10 GCSE Science Mock examinations

I am writing to inform you that your child will be sitting very important mock examinations in Biology, Chemistry and Physics in the week beginning 1 July.

Your child will receive email notification of this with all the details they require to prepare for the examinations, and links to revision resources. Teachers will also go through all of this in lessons.

The examinations are very important and will form part of our judgement of what tier of entry is appropriate, and for Separate Science students it will help us to determine if this is still the most appropriate curriculum pathway for them. These decisions will not be made until after the November (year 11) mock examination has also been sat. The examinations will be a key piece of data for report grade forecasts over the coming months.

If you would like to discuss this any further, please do not hesitate to contact me on my email:
p.gomersal@tgs.starmat.uk

Yours sincerely

Mr P Gomersal
Faculty Leader: Science
