

Tadcaster Grammar School

'A Culture of Excellence'

May 2019

Dear Parents

Year 7 Full Year Science Examination

During the week commencing 3 June 2019, Year 7 students will be carrying out their full year science examination on the following topics:

Acids

Cells

Electricity and Magnetism

Elements and Compounds

Energy

Forces

Particles

Space

There are revision resources on the VLE <https://vle.tadcaster.n-yorks.sch.uk/moodle2/> for the students to access for each of these topics and they all have notes in their lesson books from which to revise.

The results from this examination alongside the previous science examination, will provide us with an accurate indication of the appropriate set students will join in Year 8. Hence, please could you support your child in reminding them about the date and ensuring that they are revising, to be fully prepared for this important examination.

Please do not hesitate to contact me on l.fullerton@tgs.starmat.uk if you have any further questions.

Yours sincerely

Mrs L Fullerton
