

Tadcaster Grammar School

'A Culture of Excellence'

September 2019

Dear Parents

I am writing to let you know about the extra-curricular opportunities available in the Music department. Playing in an ensemble not only develops musical, aural and concentration skills, it is also a fun way to meet people from other year groups. If your child sings or plays a musical instrument please discuss the information below and encourage them to join an activity if they don't already do so.

If your child is interested in taking instrumental or singing lessons we have a team of peripatetic teachers who visit the department each week offering lessons on guitar, bass guitar, trumpet, trombone, violin, viola, flute, clarinet, saxophone, oboe, keyboard, drum kit and voice. Details are available at www.northyorkshireremusicclub.co.uk for all lessons except keyboard/piano where details are available from the Music Office at school.
