Dear Parents

Cashless Catering

We have Biometric Trust-e Cashless System supplied by Nationwide Retail Systems Ltd for students purchasing food at school and therefore, I require the consent of at least one parent in order that the biometric information of your son/daughter can be processed. Please be assured that this information remains within the school and that the biometric information taken is an algorithm and not the actual finger print.

If you choose not to have your son/daughter registered, the school will provide alternative methods of identification in the form of a 4 digit PIN Code. The preference of the school is to use biometrics as this is more secure and faster than any other method of identification.

Please be advised that it takes 24-48 hours for the system to update all on-line payments.

I appreciate your co-operation with regard to this matter.

Yours sincerely
