

October 2019

Dear Parents/Carers,

Re: Year 7 'Meet the Tutor' Event – Wednesday 16 October

We have arranged an event on 16th October to provide parents with an opportunity to meet, should they wish, their child's form tutor. This provides an opportunity for parents to discuss how their child has found the transition to Secondary school; share any concerns and to ask any questions that they have. It also provides an opportunity, for those who have not yet picked up their 'My Child at School' login and password, to do so.

Your child's tutor will allocate each family a 10 minute appointment slot via their planner.

A small number of tutors are unavailable on the 16th October and will communicate with parents to make alternative arrangements as necessary.

This meeting is very much focussed on discussing how students are 'settling in'. There will be a full parents evening on Wednesday 6 May where parents will have the opportunity to discuss academic progress with individual subject teachers alongside a number of reporting points over the year which will provide information about achievement, progress and attitude spread across the year.

Yours faithfully,

Mr S Wren
Director of Key Stage 3
