

December 2019

Dear Parents

Year 7 Half Year Science Examination

During the week commencing 27 January 2020, Year 7 students will be carrying out their half year science examination on the following topics:

Acids

Cells

Forces

Space

There are revision resources on the VLE <https://vle.tadcaster.n-yorks.sch.uk/moodle2/> for the students to access for each of these topics and they all have notes in their lesson books from which to revise.

The results from this examination alongside a further end of year science examination will provide us with an accurate indication of the appropriate set students will join in Year 8. Hence, please could you support your child in reminding them about the date and ensuring that they are revising to be fully prepared for this important examination.

Please do not hesitate to contact me on l.fullerton@tgs.starmat.uk if you have any further questions.

Yours sincerely

Mrs L Fullerton
KS3 Leader: Science
