

ParentPay

ParentPay is a web based application that provides a facility for parents to pay online for school meals, trips, equipment, etc which allows us to be a cashless school.

ParentPay login details have already been sent out. If you didn't receive any for your child/ren and are still not registered on ParentPay email a.hotchkiss@tgs.starmat.uk and login codes will be sent to you.

School meal payments update overnight to the cashless till system so please note that any meal payment made doesn't show on their lunch balance until the following day.
