## Be Your Best Self

Tuesday 21st September 2021

Dear Parents & Carers (and students),

We are delighted to tell you about the new way maths homework will be set this year to support your child. Work is set every Monday on HegartyMaths to be completed each week by the following Monday, this will consist of a maximum of 3 short tasks. This is an amazing website which gives video support for every question they attempt, to make sure that homework can be completed independently, each piece of work has been selected to help students recall and revise knowledge previously taught. It also comes with some fantastic revision features to support them in doing some independent revision.

All homework can be completed on any device with an internet connection. Logging in is really easy - simply choose the school name, then use their name and date of birth to log in. If they are having any problems they can click the "reset password" button. We would like to encourage you to log in with your child to see what they are doing. You can watch the videos with them to see what methods they should be using, and you can also view all of their past scores to see which areas they are struggling on.

A checklist will be provided for all students and stuck into their books as a reminder of the expectations and is included on the next page of this letter. We would be grateful if you could support us in ensuring that homework is completed to this standard.

If you'd like to know more about HegartyMaths go to help.hegartymaths.com to find out more.

Kind regards,

Mrs Stubbs and Ms Butterworth Key Stage Leaders for Mathematics

## **Homework Checklist**

For all tasks I have	
written the task number, title and date in the back of my book (flipped upside down)	
written down questions (unless your teacher has told you not to)	
shown my full working out	
marked my answers	
written down my score and percentage (for both attempts where applicable)	
if I get a red first time I have watched the video in full and then attempted the task for a second time.  (we understand that you may still not have achieved a green)
