

Chromebooks for Learning Scheme

Having access to the latest technology when and where they need it, gives students the very best chance of success in and beyond the classroom. But for parents and carers, making that investment can be a struggle and the equipment they choose may not always be in line with the School's existing systems and infrastructure.

Lenovo

300e 11.6" Chromebook

Our recommended device is the **Lenovo 300e 11.6" Yoga Gen 4**

- Gorilla Glass Touch screen
- 8GB RAM
- 64GB internal storage
- 'Hard shell' Protective case
- Stylus
- Google education License

This is a robust and rugged chromebook designed for use in education. Built to withstand everyday classroom knocks, bumps, drops and spills without damage. The extensively tested, impact-resistant body stands up to daily wear and tear.

It also boasts rubber bumpers, reinforced ports and hinges, and secure mechanically anchored keys. With its school day-long battery life, students can be certain of uninterrupted learning without worry.

How The Device Is Funded

Parents and carers commit to fixed monthly payments, and can spread the cost with no personal credit check required.

- 36 month warranty
- 36 month cost free repair service for accidental damage
- The device is yours at the end of the payment term

- 12 months @ £42.06 / month**
- 24 months @ £22.07 / month**
- 36 months @ £15.25 / month**

How Technology Supports Students' Learning.

Chromebooks do not replace, but supplement our existing learning strategies. They give students access to Google Education applications which greatly enhance the learning experience. 'Google Classroom' in particular offers exciting collaborative and interactive educational activities, effective online feedback and improved communication between teacher, student and parent. Create, share, collaborate using Google Education Apps • Organise homework and classwork through Google Classroom • Use digital tools to support research and writing • effective online teacher feedback • Think and behave creatively across all subjects using cloud apps for exploring, designing and planning • Access schoolwork and resources anywhere and any time

Lenovo 300e

Features

Thanks to its durable 360-degree hinge, the 300e 11.6" 2-in-1 chromebook (4th Gen) can be used in multiple modes depending on the learning environment. Use it in Tablet mode to mark up documents. Laptop mode for writing essays. Stand and Tent modes help focus students' concentration.

How to order

Visit our partner's online ordering portal. Please note that orders must be placed within the timeframe.

FAQs

Can I spread out the payments out?

Pay in full, or in installments over 12, 24 or 36 months depending upon your preference and personal circumstances.

What happens at the end of the agreement?

On your final payment the device becomes yours.

Will there be any credit checks?

No. Everyone is approved, with no credit checks.

What is the excess on the warranty and repair service?

There is no excess on either the accidental damage repair service or warranty: you will receive the details with your device.

How do I make a warranty or accidental damage claim?

You will be provided with a clear policy document detailing how to make a claim in these instances.

Can students use it at home?

Yes. Students can use it as their own personal device at home. There will be some safeguarding restrictions applied. Please ask for more information.

What if my child is eligible for Pupil Premium funding?

Please contact the school at chromebooks@tgs.starmat.uk and we'll let you know about our subsidy scheme.

I can see cheaper chromebooks online, and on the high street. Why is this?

Devices bought online or in-store will usually have a one year warranty, and will have NO insurance or cover for accidental damage. If you pay for an extended warranty and insurance, you will find the price is extremely high.

When will I receive the device?

The ordering window will open on **Monday 19.05.25** and orders need to be placed by **Wednesday 10.07.25**. If you choose to pay in installments, your first direct debit will be collected on **25.07.25**. The devices will be delivered to school in September,, and handed out to students directly.

What happens if I miss a payment or can no longer afford the device?

You will have to return the device; you will not own the device until the final payment is made.

What if my child leaves the School?

You must return the device to the School or alternatively pay the outstanding payments to take ownership of the device.

Full terms and conditions are available on the parent portal
