Instructions! Important - please follow or your quiz will not score correctly!

1. Only use the teacher / teach assistant's surname - no first name or title.
2. Use capital letters only where correct. (don't forget, Mc surnames often have an extra capital letter!)
3. Spelling of the person's surname does count!

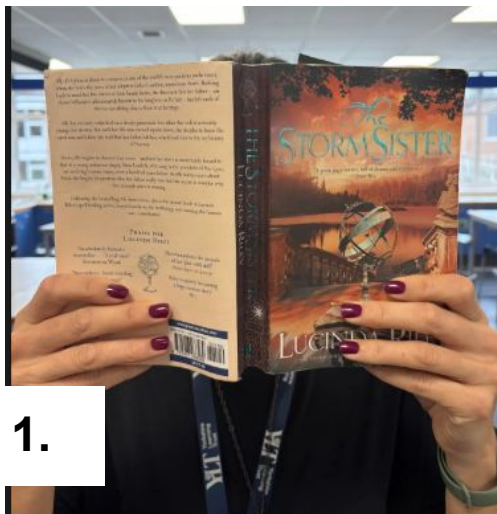

Example: So, Ms Kennady would need to appear as **Kennady** as this the proper spelling of her surname, with no title and also only the one proper capital letter.

All other answers will not score correctly!
