

Chromebooks for Learning Scheme

Having access to the latest technology when and where they need it, gives students the very best chance of success in and beyond the classroom. But for parents and carers, making that investment can be a struggle and the equipment they choose may not always be in line with the School's existing systems and infrastructure. We have TWO options as part of our initiative: A touch screen (Lenovo 500e), or non-touch screen (Lenovo 100e) chromebook..

Lenovo

Our school recommended **touchscreen** device is the **Lenovo 500e 11" Gen 5**

- Gorilla Glass Touch screen
- 8GB RAM
- 64GB internal storage
- 'Hard shell' Protective case
- Stylus
- Google education License

This is a robust and rugged chromebook designed for use in education. Built to withstand everyday classroom knocks, bumps, drops and spills without damage. The extensively tested, impact-resistant body stands up to daily wear and tear.

It also boasts rubber bumpers, reinforced ports and hinges, and secure mechanically anchored keys. With its school day-long battery life, students can be certain of uninterrupted learning without worry.

How The Device Is Funded

Parents and carers can spread the cost with no personal credit check required.
