The above fees are **per paper** (AKA 'script') and not overall GCSE qualification; speak to your subject teacher regarding individual paper marks awarded. The individual paper code is needed to process your request, without this your application can't be processed. For further details of the above services and what they mean, please see reverse.

Payments for Post Results Services must be made before they can be processed. Please see the Post Results Information Summer 2026 sheet for details. Copies of papers and outcomes of the review of marking are emailed to the student's school email account. (School email accounts will be available until the end of 2026.)

Once submitted to the Examination Board clerical check/review of marking requests cannot be cancelled. If more than one paper is submitted, it is the overall mark changes of all papers which will affect the change to the qualification grade.

If you are requesting a review of marking there are **three possible outcomes**

- Your original mark is lowered so your final grade may be lower than the original grade you received
 - Your original mark is confirmed as correct, and there is no change to your grade
 - Your original mark is raised, so your final grade maybe higher than the original grade you received.
- Please note: If the outcome results in a higher change of grade (not just the mark) you will be refunded the fee paid for this service (by mid October.)
